## 1. About the Institute

Project Management Institute (PMI) is the leading professional association for project management, and the authority for a growing global community of millions of project professionals and individuals who use project management skills. Collectively, these professionals and “changemakers” consistently create better outcomes for businesses, community, and society worldwide.

PMI works in nearly every country around the world to advance careers, improve organizational success and further mature the project management profession through globally recognized standards, certifications, communities, resources, tools, academic research, publications, professional development courses and networking opportunities.

## 2. About the Qualification

Designed by project managers for project managers, PMP® certification is a globally distinguished project management certification. It demonstrates you could lead projects for any organization and in any industry

Even if “project manager” isn’t part of your title, the PMP applies to anyone who helps bring a project to completion. The PMP recognizes your ability to manage projects—and the hard work you’ve done so far.

The PMP delivers value far into your career .Certified PMPs report earning up to 25% more than non-certified PMPs. Research indicates that employers will need to fill nearly 2.2 million new project-oriented roles each year through 2027. This means skilled project managers are in high demand. The PMP certification is designed by project professionals, for project professionals and validates that you are among the best—highly skilled.
